Type of entry

Every year since 1994 all of London's 31 Boroughs and two Cities have been invited to enter the Parade with some form of entertainment based on the annual Parade theme and demonstrating the creativity of their Borough. The Borough entries make LNYDP unlike any other Parade in any other city in the world.

- ★ Within your Borough there will be a number of schools, theatre, dance, and community performance groups who may be interested in organising an entry for your Borough. It is up to you to select the particular group/s (you can only have one entry, but it can be comprised of numerous different groups if you wish) that will represent your Borough in LNYDP.
- ★ Your entry in the Parade, can be made up of adults and/or children walking the Parade route in costumes, singing, dancing, performing and acting.

All entries will be judged by four specific criteria:

- entertainment value
- relevance to the theme
- visual impact
- professionalism of delivery

... each worth 25% of the 100% maximum total.

We encourage originality, creativity, vibrancy and tons of enthusiasm!

Rules, marking criteria, judging and prizes

You will be performing to hundreds of thousands of people on the streets of London and millions of viewers worldwide live on TV. To enjoy your Boroughs moment in the spotlight please have a look at the rules, marking criteria, judging and prizes.

Rules

- ★ The theme for LNYDP 2020 is 'London Loves Life'
- ★ No entry should consist of less than 50 people and we recommend no entry exceed 150 people.
- ★ Every entry is restricted to a total of 30 metres in road length for all its component parts.
- ★ The entry must walk directly through the Parade with no stopping for static performances, unless the Parade has come to a stop, in which instance we would encourage you to perform whilst you wait to move off again.
- ★ We have TV cameras covering the whole of the Parade route and so your entry can and will be shown on TV at many different stages of the Parade. To feature amongst the prize winners it is important to put on a show throughout the Parade route.

Judging

The talent on show and the spectacular entertainment on offer makes the job of judging the Borough entries a tough one.

'People's Judges' (members of the public) are chosen to mark each of the Borough entries in the parade. The qualification to be a people's judge is demonstrable proof that he or she does not live in a London Borough, an ability to read and write in English and the enthusiasm and commitment to stay for the entire Parade and mark each Borough entry to the same fair criteria. The judges will be located at Piccadilly/St James' Street, Piccadilly/Fortnum and Mason, Piccadilly Circus, Regent Street/St James', Waterloo Place, Trafalgar Square, Whitehall/Horseguards, and Whitehall/Downing Street.
